ABOUT US

Bihar Mica House has been a world leader in the Development, Manufacturing and Sales of engineering plastic **since 1973**. Headquartered in New Delhi, India, it is renowned for providing highest quality products and leads its markets through innovation of new materials. Our manufacturing unit **AB Polytech Engineering LLP** and **AB Flon Pvt Ltd** is located in **Gurugram, Haryana, India**. We have operations in Sales, Marketing and customer service around the globe. Our products portfolio covering most of the polymer and engineering plastics and rubber products is being marketed under the Brand name **"Geoflon"** and **"AB Polytech"**.

VISION

To be the most consistent, customer centric organisation with passion driven employees, providing and maintaining quality control over the entire supply chain from formulation, compounding, extrusion, moulding, packaging of our products.

DIRECTOR'S MESSAGE

Since its inception in 1973, BMH has been a leader on providing products pertaining to insulation and engineering plastic industry, **We started with processing of Mica (a mineral) for domestic market and then exported the best quality products made with Mica**. In the year 2000, we went on manufacturing and supplying engineering plastics and rubber products. We aim to provide reliable and durable products and services to domestic & international markets. We have recently expanded the production unit and successfully processing & producing **PTFE products and components and silicon rubber products**. Having been **approved by ISO 9001 and FDA** environment management doable systems, we aim to expand our manufacturing & trading offices all over the world.

RELATIONSHIPS OVER VALUES
